

Restoring Our Heritage

The Baptist Chapel on Clarence Street is currently undertaking a substantial renovation and restoration of its front façade.

A Rich History

The Building on Clarence Street was built in 1836 and the front façade design was designed by well known local architect **Philip Sambell**.

He was all the more remarkable because he had to battle against the twin infirmities of being both deaf and dumb.

A Unique Building

The chapel is **Grade II* listed** placing it in the **top 6%** of buildings of special interest and particular importance in the country.

The Current Work

We are undertaking a substantial renovation and restoration of the front façade to preserve this important building for future generations.

The work is being undertaken by **Prestige Professional**.

On Tuesday Feb. 24th, 1835, the Foundation Stone of a New Baptist Chapel was laid in Clarence Street, Penzance, for the use of the Church and Congregation under the pastoral care of the Rev. W. H. Fuller. The building will be neat and commodious in accordance with a plan drawn by Mr. Philip Sambell, jun. Architect of Truro.

Thank You

We are grateful for all who have supported this work and made it possible, and we trust that the building will continue to be used for the cause of the Gospel and the glory of God.

More Than A Building

Penzance Baptist Church is a historic building, but more importantly, it is a living church — a people united by faith in the Lord Jesus Christ.

"You also, as living stones, are being built up a spiritual house, a holy priesthood, to offer up spiritual sacrifices acceptable to God through Jesus Christ."

1 PETER 2:5

A Faithful Heritage

A group of Christian believers with biblical, baptist convictions began meeting together for worship in **1802**. The foundation of what they believed then is what we continue to believe now. The Gospel message and its power is still the same today.

A Welcoming Church Family

Over the years, many people of all ages, from near and far, have found peace with God through Jesus Christ at Clarence Street. PBC is more than just a historic building, but a **warm and welcoming** group of people who are sinners but have a **great Saviour**.

A Blessed Future

The church has a rich history, and we hope, under God, a blessed future.

Just as we are restoring the physical building, the Gospel does far more than clean up the outside — it brings **new life to the inside**. Through faith in Jesus Christ, God forgives, transforms and gives eternal hope.
